

Military Toronto – World War I – Siberian Expeditionary Force 1918

Canadian troops served in Siberia from 1918-1919. Their job was to help protect the Trans-Siberian Railway near Vladisostok. The above letter was posted on 26 March 1919, just a month after censoring stopped and three months before the last Canadian troops left.

Below is a clearer illustration of the above Siberian Exp. Force postmark.
